About this property

If you are looking for a property to invest in, this is the chance for you. This new property that we offer to your attention includes one plot with the size - 847 sq. m., which is a big advantage as it can be used for building a beautiful house. From the plots there are beautiful views of the surrounding area - mountain view. The pieces of property are situated in the territory of the nice village which belongs to Sisattanak district, Vientiane capital. The area has a great potential and is undergoing a rapid development, as many new houses are currently being built.

It offers great conditions for living. This plot currently has status of "empty land", but change of status to "house construction sit" is possible. The land is suitable for building your house. Furthermore, it can be developed or just kept for investment and re-sold with profit later as it is at the moment.

This land is an excellent property purchase and investment which will quickly appreciate in value. Such an investment would suit a speculative buyer looking for land which will generate good profit from re-sale after just 1 or 2 years. We advise an early positive decision for purchase.
