About this property

Please come to have a look this land, it covers an area of 3.000 sq.m which is located in safe community which belongs to Xaisettha district, Vientiane capital. It borders the surrounding a good environment and fresh air. It is suitable for the construction of your new house. Currently, this land is overgrown with grasses without buildings. It is characterized by excellent location in developed village with basic amenities, in close proximity to the market, school, shop and other facilities. In our opinion this plot is an excellent buy for a speculative investor looking for a profitable opportunity to earn significant funds from a future re-sale in 2 or 3 years. Another interesting opportunity for the buyer is to operate some projects. This is indeed a rare opportunity and early decision is recommended.
